Building and Loan to Issue New Series

ANNUAL REPORT SHOWS GROW- ING PROSPERITY OF LOCAL ASSOCIATION

A new series of stock in the Narberth Building and Loan Association, it is the thirty-third series, will be opened at the next regular meeting of the Association, at Elm Hall, Thursday evening, March 2. The meeting will open at 7:00 o'clock and close at 9, and any one may subscribe either to the regular "Long Term" or "Short Term" stock.

In connection with this new series, both stockholders and prospective stockholders will be interested in the Association's fifteenth annual report which covers the year ending March 2, and which shows the Association to have enjoyed a healthy growth during the last twelve months, and to be in excellent condition.

Copies of the complete report will be available for all stockholders at the meeting on March 2, and any prospective subscribers may obtain copies by applying at that time to any of the Directors or other officers. The major facts in the report are shown in the "Receipts, Disbursements, Assets and Liabilities," which are being published in connection with this article.

Value of B. & L. to Citizens

Building and Loan is equally beneficial to all classes and should attract the borrower and investor alike. 3 3/10% interest without any element of risk whatever should be sufficient.

PARTY FOR D. A. B. MEMBERS Local Chapter Entertained on Washington's Birthday

Mrs. F. H. Hewitt and Miss Edith Hewitt, of 116 Essex Avenue, gave a very delightful and beautiful Washington's Birthday Party for the members of the Docter Benjamin Rush Chapter, Daughters of the American Revolution, on Wednesday afternoon, February 22. Mrs. Samuel Z. Shope, the Regent, presided during the brief business meeting. Reports and appeals for aid were read from the various State Chairmen. A short report was given of the meetings and social functions which the Philadelphia Chapters had arranged for during the week of February 12 in honor of Mrs. Edwin Earle Sparks, State Regent of the National Society Daughters of the American Revolution. The chapter will be represented at Washington during the National Congress, April 16 to 22 by the Regent, Mrs. Shope, and the First Vice Regent Mrs. Joseph P. Kelly.

CAN YOU USE A LITTLE EXTRA MONEY?

"Our Town," very shortly, expects to make a big change in its scope and style. A general expansion and improvement is planned.

A complete check-up of the subscription list is now being made. We have \$50.00 available for the necessary assistance—spare time—in the canvass.

We will soon have the room for, and will need, additional advertising. An equal amount is offered for a little intelligent assistance in this direction.

We are also prepared to pay someone—a woman preferred—for a very few hours work each week in keeping the Fireside department of the paper up-to-date. The work is pleasant, permanent, and profitable.

In these days of money shortage, the above opportunities might well be taken advantage of. First come, first served. Address the Editor, P. O. Drawer 968.

Annual Tennis Club Meeting March 10th

DATE CHANGED FROM MARCH 17--DANCE AND OTHER EVENTS PLANNED

It has been necessary to change the date of the annual meeting of the Narberth Tennis Association, announced in last week's "Our Town" as scheduled for March 17. The meeting will be held on the 10th Friday evening, March 10, in the Y. M. C. A. building.

In addition to the election of officers for 1922, a number of other important matters will come before the Association, and every member is urgently requested to reserve the date and be on hand promptly at 8 o'clock.

On the following night—Saturday, March 11—there will be another of the popular Tennis Dances at Elm Hall.

Another event of interest to members of the Association is the card party which will be given by the Ladies' Auxiliary, at the Y. M. C. A. building next Saturday evening, March 4.

Plans are under way for the Tennis Association' annual Big Show and Entertainment, which this year will be given late in March or early in April. More particulars about this affair, including the date, will be announced shortly.

Hopper Estate Sold

Montgomery School is Purchaser of Property

The Montgomery Day School, of Wynnewood and Montgomery Avenues, Wynnewood, has purchased the Hopper property, a mile beyond Narberth on the extension of Essex Avenue.

The estate, which includes some of the most beautiful country around Narberth, comprises fifty-six acres, including a great deal of woodland. The sale was made through William H. Wilson and Company. The property is said to have been held for sale at \$150,000.

The school, of which the Rev. Gibson Bell, rector of All Saints Church, is Headmaster, will take possession next September.

Arthur H. Brockie, architect, has been commissioned to prepare plans for a new school building, containing large study and class rooms, assembly hall and gymnasium.

The present residence on the property will be used as administration offices and dining rooms, and a smaller house will be used for mechanical drawing and manual training classes and as a machine shop. Athletic fields, a gymnasium, skating pond and swimming pool will be added.

Women Voters Will Hold Big Luncheon

ADDRESS ON DIRECT PRIMARIES AND PRESENT SITUATION IN STATE POLITICS

The Narberth League of Women Voters will hold a luncheon in the Y. M. C. A. building on Wednesday afternoon, March 8, at 1.15. It is planned to have speakers present who will address the gathering on the subjects of the advantages of the direct primaries over the old convention system, and on the present political situation in Pennsylvania.

Because of the failure of proper registration for many women at the last primary, and also because they failed in some cases to appreciate the necessity for such registration, this gathering is being held in an effort to impress the woman voter with the importance of such enrollment with their party in order that they may be eligible to vote in the May primary.

Every effort is being made to procure qualified speakers on this and other subjects of interest of the women. A complete schedule of the speakers and subjects will be printed in next week's issue of Our Town.

As lack of space will necessarily limit the number who can be accommodated, it would be advisable to make your reservation as soon as possible.

Tickets may be procured from any member of the board, or by phoning Mrs. E. H. Cockrill, Treasurer, Narberth 344-M. Do it now and do not delay.

Five Candidates Out For Postmastership

APPOINTMENT NOT YET MADE TO FILL POSITION AT NARBERTH OFFICE

Five candidates have circulated petitions for the position of Postmaster at Narberth, to succeed Edward S. Haws, whose term expired on the 5th of February.

The applicants are Edward S. Haws, the retiring postmaster, Carlen Warner, now Real Estate Assessor, A. W. Needham, former Assistant Postmaster at Narberth, Fred C. Patten, Scoutmaster of the Narberth Troop, and Miss Ivy R. McLean.

An open competitive Civil Service examination was held on the 14th of this month. The postmastership of Narberth, which is an office of the second class, pays a salary of \$2,500.00 per year.

The applicants had to fill out papers and answer questions. The papers were then forwarded to Washington, where they will be examined. The names of the three having the highest average will be sent to President Harding.

It is expected that the decision on the appointment of the new postmaster, or the reappointment of Mr. Haws will be made at any time. Mr. Haws has continued in charge of the office since the expiration of his term, pending the decision from Washington.

Community Club Notes

MRS. J. M. DOHAN ADDRESSES CLUB AT TUESDAY'S MEETING

The regular bi-monthly meeting of the Narberth Community Club was held at the Community Centre. The President, Mrs. E. C. Batchelor, presiding. Tuesday afternoon, February 21.

The Assembly Room was most beautifully and fittingly decorated with flags and colored candles.

Mrs. C. P. Fowler, Local Chairman of the League of Women Voters, announced that a Luncheon would be given by the League at the Narberth Community Centre, Wednesday, March 8, at which time speakers of note will explain in detail the important issues of the coming political campaigns and indicate the reasons why it is absolutely imperative that every woman rise to her privilege of suffrage at the Primaries in May, as well as at the general election in November. In order to make the luncheon a financial success, at least one hundred tickets must be purchased by the members.

Mrs. R. F. Wood read in her usual charming and fascinating manner selections from various Irish and English poets: George W. Russell, Paria Colum, William Butler Yeats and John Drinkwater. The lit and the subtle charm of the rollicking Irish verses with their humor and pathos delighted and inspired everyone.

The invitation to an excavation personally conducted by Mrs. J. M. Dohan, of the University of Pennsylvania, was accepted by probably one-half of the Club membership. They were entranced by the word pictures of the wonderful isles of the Mediterranean, which lie in all their golden beauty on the calm bosom of that most wonderful of all seas. Mrs. Dohan's enrapt audience climbed the passes of Crete; viewed from afar the snow capped mountains whose cloud covered peaks reach to the heavens; dwelt with her in a tent on the dizzy height; dug under the tent pegs and discovered the remains of a grave placed there in the earliest centuries, and found that the ancient city of Troy was one of nine cities built one upon another. This is seen by passing through a canyon dug by man deep enough for visitors to pass through and note the stratification where bits of pottery were found and

To the Editor of Our Town:

I noticed in last week's issue that the ash dump will probably not be improved until May or June. In view of the big majority in favor of securing this land for the use of the people, it seems to me that much quicker time could be made if there were a proper disposition to do so.

Why can't Councils cut out the red tape and get things started at once? A stupid mistake has already held the thing back three months, and some effort should be made to offset that.

Progressive.

Action on the purchase of the railroad plot will no doubt be taken at the next meeting of Borough Councils. The law covering this procedure, however, must be very strictly observed. Everything is now being done which can be done, and if there is any way of expediting matters, the people can be assured that Councils will do it. Probably some short cut will be effected, by the appointment of the Commission to superintend the Recreation Centre, for instance, before the funds are actually obtained.

Editor.

To the Editor of Our Town:

As one glances out the window during the day, it is a constant source of inspiration and pleasure to see the American flag against the blue sky, as it floats from the belfry of the Narberth Public School. But, today, when the press and people are recalling to mind the debt we owe to "The Father of Our Country," the flag for which he fought so valiantly is conspicuous by its absence from our public school. The writer noted this today with a deep feeling that just once Narberth had failed in being a little less patriotic than we thought her. Shall we not all promise this will not happen on Memorial Day?

A Daughter of a Veteran.

THE QUESTION BOX

Any question concerning the Christian life, the Bible, or the application of the Bible, or the Gospel of Christ to the moral, civil, or religious life of today will be answered by Dr. A. S. Walls at the Sunday evening service two weeks following the Sunday when the question is dropped in the box. This announcement was made last

Sunday evening at "The Little Church on the Hill," the Narberth Methodist Episcopal Church, and the question box is placed on the rear wall near the exit. Advantage was taken immediately of the Pastor's offer, and these questions will be answered Sunday evening, March 5th.

The questioner will sign his name, unless the question is of such a personal nature, that to sign might prove embarrassing. Questions will be answered only at the Church.

CHORAL CONCERT ANNOUNCED

The Narberth Choral Society holds its first concert for this year, March the 24th, at the Narberth High School.

They are making a good beginning as this concert will excel all others given by them in the past; one of their selections being "Hail, Bright Abode," from Tanhauser, also the famous poem, "The Highwayman," by Alfred Noyes, set to music, not only these, but other very select musical features are on the programme.

The Narberth Choral Society has met lately at the High School for rehearsals, owing to the inadequate heating system of the Y. M. C. A. building; however, now that the heating system has been fixed and the walls plastered, the Society expects to return there for the next rehearsal.

The last three rehearsals have been exceptionally encouraging and pleasing to their Director, who has worked very faithfully with the Society. Last rehearsal every Bass was present. (Boys, that's fine; now keep up the good work.)

All Committees are wide awake and working hard. Mr. Mitchell and his helpers of the Membership Committee have worked exceptionally hard in issuing letters to our Narberth citizens in reference to their becoming regular Associate Members and Sustaining Associate Members. We do hope that our citizens will back them up and respond to Mr. Mitchell's request promptly.

Don't forget that date, March 24th, at the School Auditorium.

THE OYSTER SHELL SCALE

The Landscape Committee of the Suburban Association, of which Mr. Samuel T. Bodine is Chairman, has secured the services of Mr. W. J. McKeon, a tree specialist, to inspect the trees and shrubbery along the Main Line, in order to see if they are attacked by the oyster shell scale.

When the scale was discovered on some of the trees in Wayne by the North Wayne Protective Association, the matter was brought to the attention of the Suburban Association, and a warning was sent throughout the territory.

Owners of trees and bushes should spray them frequently so as to keep the scale in check, and finally destroy it. If in doubt, Mr. McKeon will inspect the trees free of charge to determine if the scale exists.

This great menace was brought to the attention of Mr. McKeon by the Suburban Association, and he very generously consented to volunteer his services.

Any one wishing to have their trees and shrubbery inspected, should call Ardmore 1437, and the request will be given prompt attention.

If allowed to persist, the oyster shell scale will eventually kill the trees and shrubbery.

Mr. McKeon stated that he would start a thorough inspection of the entire territory this week.

CARD PARTY

The ladies of the Tennis Auxiliary are completing plans for their bridge and 500 party which will be given next Saturday evening in the Y. M. C. A. building. The tickets are one dollar each. Refreshments will be served.

fitted together, each once representing a definite and distinct period or epoch of history. Old burial grounds were found that had been first made three thousand years before Christ and used for at least a thousand years. Bits of gold and vases centuries old were packed in cotton, brought to America and now repose in the University Museum, where all may go, gaze upon and marvel at the genius of the people of those ancient days. The President, in her closing address, urged upon those who had not taken advantage of the opportunity afforded by our truly wonderful University Museum, to make, without delay, a pilgrimage to this splendid shrine of the Arts.

The hostesses of the afternoon were: Mrs. George Merritt Davis, Mrs. Chas. Irwin, Mrs. Earl Walker, Mrs. L. C. Douglass, Mrs. E. H. Cockrill, Mrs. Wm. H. Coble, Mrs. Howard Cotter, Mrs. Fred Delavin, Mrs. E. S. Dueller, Mrs. Wm. Donaldson, Mrs. James F. Donnelly and Mrs. Robert J. Dothard.

borrower, by giving the Association a mortgage on his property. It is true he pays 6% interest for the loan, and if it is second mortgage on his property, he pays a premium in addition to the 6% interest. But first he is a stockholder and is receiving a greater rate of interest than he pays. Second—his mortgage is never called as long as he pays his dues and interest, but goes on until the maturity of the stock, when the mortgage is fully paid and he owns his property free of debt.

Another advantage the borrower has, he may at any time reduce his mortgage by paying \$100 or more at any meeting, thus reducing his interest charge and making himself a present of that much money when his stock matures.

The investor who expects to use Building and Loan only for a short time, of course, does not derive the same profit from it as those who keep it up until maturity. But even for this class of investor, it will do as well as a savings bank and ten chances to one they will get the habit and become permanent Building and Loan investors.

The first Building and Loan Association was formed in 1831 at Frankford, Philadelphia, and statistics show that today 5% of the entire population of this country are members of similar associations that have prospered from the nucleus started in Philadelphia.

Earned 8 3/10% in 1921

The Narberth Building and Loan Association is strictly mutual, encouraging people of all classes in becoming adherents of thrift, and learning the fundamentals of systematic saving. It is operated entirely for the benefit of its stockholders and the earnings for the past year were 8 3/10%. It has 8,524 shares in force, with assets of nearly a half million dollars, and has matured its first ten series of stock and opens a new series every six months.

The Directors of this Association are men who you know, who give their time and thought to the best interests of its welfare, serve without any compensation and the entire board are nearly perfect in attendance. The Secretary and Treasurer are both paid salaries, but the entire expenses of the Association were only \$1,682.35 for the past year.

Blotters announcing the opening of the new 33rd series, and a copy of the annual report will be left at every home in Narberth, and it is hoped that you will arrange to become a stockholder in the new series. If you will not be able to attend the meeting, subscriptions can be left with any of the

A Pioneer is "one who goes before, as into the wilderness, preparing the way for others to follow."

It is not always necessary that he wear a coonskin cap and carry a rifle.

When the young Alexander Graham Bell forty-six years ago first sent a voice over a wire by means of an electric current he was a Pioneer, going forth into the little known wilderness of electrical science.

Since that day every development of the telephone has been a pioneering feat. There have been no guide posts to point out the way; no route maps to show which were the smooth roads and which the rough ones.

And Bell Telephone "pioneers" who are today planning for millions of subscribers five, ten and twenty years hence are "preparing the way for others to follow."

Every community served by the Bell System profits by this arrangement. A discovery in California, Texas or Maine is at once available right here in our own state. If the pioneers in our company find something to improve telephone service it is at the disposal of every office in the system where it might properly be used.

Only by such an organization has the Bell System of today been made possible, and only by its continuance is future progress assured.
